COTTON MARKETS

Wave of Short Covering in July Features Session—Boll Weevil Watched.

Monday Afternoon, June 28. Even a whipped bull sometimes has fight left in him, as was indicated today when the market turned and worked upward in the face of more crop reports showing decided improvement during the month. The pretext for revived bullishness was an oversold condition of the market and increasing condition of the market and increasing concern over boil weevil activities. The showers in Texas over the week end stimulated talk of such, although weather as a whole this morning was excellent and the indications were favorable. July led in the upturn, just as it did in the downward movement and at its crest in New York was 160 points over the bottom of the early session.

At the close the list was firm and 140 to 40 points to the good, while in New Orleans tone was steady and the list up from 39 to 55 points.

Liverpool tomorrow to make full response ought to be 55 to 20 points to the good.

the good.

News was rather scarce at the opening, although reports of showers in the lower part of Texas caused a little concern over the weevil, such being fical for the pest. A Dallas concern was out with a crop estimate of 71.1. which was against this same authority's report a month ago of 68.9. but the information did not seem to be of importance at the moment. The Journal of Commerce report on the Carolinas Commerce report on the Carolinas id Georgia was bearish, but this also

on Commerce report on the Carolinas and Georgia was bearish, but this also falled to attract notice of consequence. Cables from Liverpool were better than expected and some buying on this side was done by Liverpool traders. Finals over there were 26 to 3 points up, with tone steady. Spots were off a point, fully middling at 27.62d, with sales, 3.000, bales including \$2,800 American. Receipts for the day were 12.000 bales, including \$8,800 American. The markets on this side started steady and higher. October being up 22 points, at 33.25, while a hurried dip to 32.95c came in a few minutes, only to be followed by a rise to 33.35c and then another sinking spell. Interest was centered largely in July, in which option buyers were pientiful and sellers scarce, and the rise therein helped the entire list, specially as more talk of weevil activities were coming to hand. July in the afternoon sold as high as 37.70c after ebing as low as 36.10c during the forenoon, while October touched as high as 33.50c at its crest.

The report of a Chicago commission

tober touched as high as 33.59c at its crest.

The report of a Chicago commission house giving condition 79.6 failer to have effect, although helping perhaps in fixing expectations for the official guess due Friday to come in the neighborhood of 70.

There was nothing new in the spot department and business continues stagnant, with but little change in prices. But this is a secondary influence at the moment. New Orleans soid 134 bales, Houston 100 and Memphis 250 today, while Augusta soid 750 Saturday and reported them today. Exports continue practically nil.

NEW YORK COTTON. NEW YORK, June 28.—The cottos market opened steady today at an admarket opened steady today at an advance of six to 15 points owing to higher Liverpool cables, but there were a few July notices in circulation, which early weather reports from the South were favorable and a private crop report from the Southwest placed the end-June condition at 71.1. These features led to a renewal of scattering pressure and there was some July liquidation with that delivery selling off from 38.35c to 36.10c, and October declined to 32.95c shortly after the call, or about 8 to 19 points below Saturday's closing. The July notices were estimated at only 600 hales and the strength of the near month covering in later deliveries during the morning. July sold up to 36.85c and tectoher to 33.35c, making a net advance of 65 points on the near month and of about 29 to 32 points on new crop positions. There was scattered Southern selling out this bulge causing reactions of several points but prices held fairly steady around midday. A Chicago report estimates the condition of the crop at 70.6 and indicates a decrease of two per sent in acreage.

Covering by July shorts continued, sending the price up to 37.18c in the afternoon, or 98 points above the closing bid of Saturday. New crop positions were influence by the near month trend health of the new complete the price of Saturday. New crop positions were influence by the near month trend health of the new complete the price of the price of the price of the points but to modifications, to other than make every effort by its internal and external policies. The said.

United States Weather.

Memphis, Tenn. June 28, 1920. 7a m. Low. High Pre-

afternoon, or 28 points above the closing bid of Saturday. New crop positions were influence by the near month strength selling about 22 to 47 points above last night's closing figures or 43.50c for October on covering and Wall street buying.

Futures closed firm at advance of 140 to 48 points.

NEW ORLEANS COTTON. NEW ORLEANS, June 28.—Somewhat better cables than due reports of showers and increasing boil weevil damage in Texas and continued covering of the short interest put the price of cotton higher on the opening today and during the first hour of business the improvement was widened to 25 to 23 points, July rising to 38.45c and October to 23.10c. After the first buying flurry the market hesitated at the advance because of favorable weather out-

side of Texas and a private condition report of 71.1 per cent of normal.

A private condition report of 70.5. with an estimate of two per cent decrease in the acrease was regarded as bullish and the advance was widened to 35 to 54 points. Traders who were friendly to the market, however, were not aggressive and late in the morning prices were 5 to 16 points off from the highest.

July became very strong and under its leadership the entire list advanced strongly. Late in the day July was 32 points up at 37.05c and the new crops were 55 to 58 up. Efforts of shorts to liquidate their July contracts was the main cause of the strength of July.

Spots closed quiet and unchanged ordinary, 21.50c, good ordinary, 22.50c, low middling, 30.50c; middling, 39.75c; good middling, 42.75c. Sales on the spot, 134 bales.

Futures closed steady at advance of 91 to 55 points.

COTTON REGION SUMMARY

Temperatures were near or slightly above the seasonal average during the last 48 hours except along the Atlantic coast, where maxima were much below the normal.

Light to moderate showeres were reported Sunday and Monday at numerous stations in the southern portions of Texas and Louisiana with scattered showers at a few stations in the central portion of the belt.

SEEKS VILLA SURRENDER. MEXICO CITY, June 28—Jose Munoz, a citizen of Chinuahua, has offered to try to persuade Francisco Villa, leader of the revolting forces there, to surrender conditionally and retire to private life. A telegram to this effect has been sent to General P. Elias Cailes by General Joaquin Amaro, says Excelsior. It is said Munoz has some infimence over Villa and General fulles has instructed General Amaro, who is chief of operations in Chinuahua, to permit Munoz to confer with Villa un-officially but to continue his campaign against the rebel chieftain until further orders.

RESOLUTIONS ADOPTED.

PARIS, June 28 — Four resolutions af-fecting international business relations were adopted by the international Fon-gress of Chambers of Commerce at its session here today. The resolutions were session here ioday. The resolutions were. First, against the collection of a double income tax from foreigners abroad.

Second, for the appointment of a cotomission to study a plan for inter-allied exchange agreements.

Third, declaring it to be the duty of the seller to extend credit to allied buyers during the reconstruction period, Fourth urging greater equality in the treatment of foreign banks.

GRAIN MARKETS

Reserve Bank Showing and Concern Over Oats Crop Gives Impetus to Bulls in Corn Pit.

Encourages Selling.

NEW YORK, June 28.—Developments over the week-end, especially the showing of the federal reserve banks and the railroad labor situation, invited renewed selling of leading Issues at the oplining of today's stock market. Several of the prominent industrials, rails and specialities, reacted 1 to 1½ points. Distinct pressure was shown by Crucible and Sloss-Sheffield Steels, Baldwin Locomotive. Illinois Central and Barrett Company. Further case was manifested by preliminary quotations for foreign exchange. Early dealings, both in stocks and bonds, were extremely light and professional.

Representative oils and equipments led and irregular raily at midday, the shorts covering when call money failed to raise above its initial rate. Brokers reported a more liberal response to inquiries for loans extending into August and September.

The closing was heavy. Total transactions approximated 250,000 shares, a low record for many months.

Although call money rates relaxed in the last hour the market continued to Cectine, especially in steels and equipments.

But no finite in the last hour the market continued to Cectine, especially in steels and equipments.

EDITOR DIES.

BOSTON. June 28.—Walter Campbell Taslor, journalist and economist, died at his residence in Wellesley Hills yesterday. He had been editor of Partsmouth (Ohio) Blade, the Columbus Dispatch, the Shoe and Leather Gazzette of St. Louis, and other publications.

TRIAL CONTINUED.

CHICAGO. June 28.—Trial of Big Tim Murphy, former state representative, and Mike Carrozzo and Vincenezo Cosmanno for the murder of Maurice "Mossey Enright, "king of the gummen," was continued today until June 30 at the request of the state. River Bulletin,

ROUND THE TICKER

New York-Liverpool buying. New Orleans—Map indicates continued fair warm eastern half of boil but increasing condiness in western half and showery weather likely to continuover Western states, with prospects for rains becoming more extensive later in the week. Growing apprenhension of weevil damage and chaires in favor of railies in market.—Kofler to Cark & Co.

New Orleans—Reports of extensive weevil damage in Texas are sustaining the market. Dallas wires: Report-from East Texas and San Antonia sec-tions claim weevils doing enormous damage. —Shepard & Gluck.

damage "—Shepard & Gluck.

Cuero, Tex. wires: "Continuous showery weather since Friday is increasing weevil damage."

New York—Journal of Commerce says: The most noteworthy feature of the returns from correspondents in North Carolina is the widespread improvement which has taken place in the outlook for cotton during the last 10 or 12 days as a result of the turn for the better in climatic conditions. In South Carolina outlook is even more favorable and preliminary estimates point to a moderate increase over last month's percentage condition. While cotton prospects in Georgia are not so favorable as could be desired, here, too improvement is shown.

New York—A kondon cable to the Journal of Commerce says in the cot-

Journal of Commerce says in the cot-ton yarns market last week husiness in piece goods was small and prices daily depreciated. Woolen operatives wages have been advanced 10 per cent to meet the rise in the cost of living. New York—Weld & Co. traveler wires New York-Weld & Co. travelor wires from Rockdaie, Tex.: Route from Palestine, Hearn and Rockdaie Found from 10 to 20 inches high everywhere, conditions improving, but boil weight doing some damage. Need continued dry hot weather. Estimate condition in Texas about 70; increased acreage about 5 per cent. Oklahoma condition about 75 per cent; increased acreage about 10 per cent.

New York-Feature of opening this morning was the buying of 5,000 July thought to be for Liverpool and some short covering. Gwathmey and Rosenburg are the principal sellers — Hutton to McFail.

New York wires: "Some early selling on favorable weather and Southern Products company condition report of 71.1. but Liverpool a good buyer of July and October."

CHICAGO, June 28.—Potatoes dull; receipts 100 cars; Southern Triumphs, 35.00@7.00 cwt.; Eastern stock, \$11.00@ tober."

CHICAGO, June 28.—Butter, higher; creamery, 43@5646c.
Eggs, steady, receipts, 14.410 cases; firsts, 384@334/c; ordinary firsts, 344@ fac; at mark, cases included, 37@38c; storage packed extras, 414/c; storage packed firsts, 404/6414/c.

Poultry, unchanged.
Fortaloses, \$7.50@8.00.

KANSAS CITY, June 28.—Close: Corn, July, \$1.71\$, September, \$1.714.

so the Carolina is, acreage 98: Tennessee 70, acreage 97.

St. Louis—As we see it the week has been generally favorable except for a little too much rain and cool nights and days during the latter part of the week. We think that cultivation has now progressed far enough so that the shortage of labor is relieved until picking. With the exception of a few isolated spots in the extreme southern part of our territory there are no weevil or insect reports. With three weeks of hot, dry weather we feel that great progress has been made toward a fair yield.—Lesser-Goldman Cotton Company.

New York.—Weather outlook favora-

New York. — Cooper & Griffin and Anderson Clayton are the houses said to be stopping all stray July notices and intending to take the cotton.—Clark & Co. New Orleans - Covernment record

Clark & Co.

Chicago. — Reports of our correspondents give the average condition of cotton 70.6 which is five points over our estimate of a month ago, and eight points over the official estimate. The acreage is 2 per cent. or 700,000 less than the area in cultivation July 1, last year, but 2.6 per cent or 860,000 greater than the acreage picked last season. Plant is late, weedy and weevil infestation is large. Hot weather needed to force the growth.—Clement Curtis & Co. to McFall.

New York.— Think this colton man

New York. — Think this cotton mar-ket is well liquidated and will work higher. July deliveries went into good hands; trading is on small scale—Over-ton to McFall. Grain. Grain belt forecast: Fair and con-inued warm tonight and Tuesday, ex-ept unsettled in Nebraska; not much hange in temperatures. change in temperatures.

Chicago—Contract grades of corn are selling around two cents over July against 39 cents some time ago; July corn is selling 6½ per cent over September, as compared with 13 cents recently. Despite this decline in cash corn the demand is slow. The present volume of movement promises to continue. It would seem that the September delivery should respond to this change in the cash market.—T & M to Clark & Co.

(Thissees Springfield, III., One.

Gluck.

Tribune, Chicago-Western roads are moving more grain, last week's aggregate receipts at primary markets 15, 525,000 bushels being six per cent more than the previous week, 16 more than last year and 12 above the five-year avorage Several of the big grain-carrying roads have increased their loadings materially within the last two weeks. Loadings have also increased west of the Missouri tiver where wheat is being shipped our. The Northwestern's loadings are heavier and it is carrying 22 per cent of the grain brought into chicago, while the St. Paul had 22 per cent last week and the other big roads 10 to 14 per cent.

Italy — Private estimates give the increase in acreage to wheat as 750 m acres, crops in northern and center provinces are reported as fair and good but those in south and Sietlly have certainly suffered from the great heal but an average crop is looked for Someomplaints of drouth affecting corn a fair crop is still anticipated. Chicago. — John Inglis, Nebraska, re-norts: Oxford, Holdrefte, to Hastings wheat splended, heavy crop own just in the same condition as it Kansan outs barley, reclarge crop, corn will re-spond in smple time to make a crop, pastures good cattle fat

Chicago.—The heat wave will continue throughout the Middle states for several days, and the weather will be mostly fair. Although conditions are likely to be unsettled in the more northerly and western sections, with local showers.—Wild to S. & G. chicago Minneapolis slaims too Jar much rain Northwest, and some grain Me lodged Crops reports plentiful today Manhattan, Kan, says wheat 26 busn els to acre. Oats will be light Nous City, lows, reports oats not so promis-ing, heading seven to eight inch s at

weather is not today, too but for outs to fill properly, and if this weather continues eats wil suffer further reduction. This is ideal weather for corn and cultivated fields have sufficient moisture to carry the cron safely for a couple weeks, corn is making splend; broggress.

Minneapolis.— Although too much rain up here. Notice great deal of making splend; the support of the important up here. Notice great deal of Hayley president and secretary, respectively, of the chamber. *Rise. —Fall.

INCREASED ACTIVITY to Clark & Co.

Chicago—Springfield, III.: Oats coming into milk and few days of high temperatures will mean a calamity. Heading short. Cromwell is in Chicago and figures oats will need min quickly in most of Illinois. Peorla III. Corn good but irregular: early oats all right. Late oats headed short, but may come out if good weather—Wild to Shepard & Gluck.

Tribung Chicago.

Chicago - John Inglis out predicting Kansas may run [25,000,000 wheat of Northwest Kansas matures without damage

ing, heading seven to eight mah, a high Chicago. Let'mint wires from Museathe lowa traits are headed through this territory are filling and standing heat and drought, but the weather is hot today, too hot for ourse to fill properly, and if this weather rontinues outs wil suffer further reduction. This is ideal weather for corn and cultivated fields have sufficient moisture to carry the crop safely for a caupie weeks; corn is making appending progress.

Raspberries—Red, pt. crates, \$7.00@7.50. FORT WORTH, Tex., June 28.—The first car of Okiahoma's new wheat crop arrived here this morning and brought \$2.52 a bushel. It was bought by a Forth Worth firm and immediately shipped to New Orleans for expert. Local grain dealers say most of the Texas and Okiahoma wheat crop this year will be sent to New Orleans and Galveston for export.

PLAGUE CASE FOUND. BEAUMONT, Texas, June 28.—The discovery here today of the second suspected case of bubonic plague, federal, state and city authorities inaugurated an extensive rat extermination campaign. Thousands of traps were being distributed throughout the city. The new suspect is under close observation. A negress died of the plague Saturday.
